### ❖ Infrastructure Status:

During the academic session 2025–26, several infrastructure development and maintenance works were undertaken to improve the facilities and ensure a safe, comfortable, and well-equipped learning environment for students and staff.

- A new RO water purification plant was installed to ensure the availability of clean and safe drinking water for students and staff.
- Plumbing work was carried out along with the installation of a 1000-litre water storage tank to improve the school's water supply system.
- A new water cooler was installed to provide clean and chilled drinking water on the school premises.
- New desk–bench sets were procured to enhance classroom organization and provide greater comfort for students during learning.
- To improve the overall infrastructure and aesthetic appeal of the campus, renovation works were undertaken, including external wall and boundary painting, sewage line improvements, and repair of school furniture.
- Safety railings were installed in the first and second-floor corridors to enhance student safety within the school premises.
- Advanced CCTV cameras were installed across the campus to strengthen security and surveillance systems.
- Two new LED TVs were installed in the Vice Principal's room for CCTV monitoring, and one LED TV was installed in the school office for displaying school activities.
- New school buses were purchased to enhance the transportation facility and ensure safe and comfortable travel for students.

### ❖ Review of Affiliation, Recognition (Manyata) and ISO 21001:2018 :

The institution continues to ensure compliance with all regulatory and quality standards required for effective academic administration and governance.

All necessary formalities for obtaining **the No Objection Certificate (NOC) from the Directorate of Public Instruction (DPI)** have been duly completed.

The school's **CBSE affiliation** remains valid until 31<sup>st</sup> March 2027, and the process for extension of affiliation has already been initiated, demonstrating the institution's proactive approach toward maintaining uninterrupted academic recognition.

Additionally, the school's **RTE (Right to Education) affiliation** has been extended until the year 2028, reflecting the institution's continued commitment to inclusive and equitable education.

In the current academic session, we were certified under ISO 9001:2015, reflecting our commitment to maintaining quality standards in educational management. For the upcoming session, the institution has opted to transition to the **ISO 21001:2018 Educational Organization Management System**. As part of this process, an external audit was conducted in February 2026. The audit has been successfully completed, and the school is currently awaiting the official certification, which will further strengthen its educational quality management system and support continuous improvement.
